

Lady & Brownies North Island Mini Tour

October 2021

Important information: please read the below update carefully. Included is a skeleton itinerary which indicates accommodation options and basic route details.

Regarding accommodation you will need to ensure you book ASAP, as the rooms are only being 'held' until the middle of July. Bookings are on a first-in-first-served basis. Be advised that there are events occurring in both Palmerston North and Napier over the week of the tour so if you choose not to use the identified motels you will need to start looking now to secure other alternatives.

We have encountered issues finding an accommodation provider in Kapiti large enough to host the whole tour party, so have held/reserved rooms across two separate motels. Choose whichever you prefer/suits your needs.

When booking, please ring all the motels direct and advise you are with the Capri Club. Once you have booked your accommodation, please let Nic or Larry know. Again, we suggest you book as soon as possible.
